Gateway Milbridge earns gold medal ranking

November 22, 2019 on Community Announcements

MILBRIDGE — Gateway Milbridge has received a gold medal ranking from GuideStar for transparency to the public and getting results.

GuideStar is the nation's largest nonprofit monitoring agency specializing in information and reporting on U.S. nonprofit companies.

Gateway Milbridge Chairman Richard Bondurant said he is pleased the organization received what he called "coveted" recognition.

"This is something less than 1 percent of nonprofits in the United States will achieve in 2019 with GuideStar," he said.
